GENERAL

4. (1) A permit is required whenever work regulated by the Act and Regulations is to be undertaken.
- (2) No owner or owner's agent shall work or authorize work or allow work to proceed on a project for which a permit is required unless a valid permit exists for the work to be done.
- (3) The granting of any permit that is authorized by this bylaw shall not:
 - (a) entitle the grantee, his successor or assigns, or anyone on his behalf to erect any building that fails to comply with the requirements of any building restriction agreement, bylaw, act and/or regulation affecting the site described in the permit, or
 - (b) make either the local authority or its authorized representative liable for damages or otherwise by reason of the fact that a building, the construction, erection, placement, alteration, repair, renovation, demolition, relocation, removal, use or occupancy of which has been authorized by permit, does not comply with the requirements of any building restriction agreement, bylaw, act and/or regulation affecting the site described in the permit.

BUILDING PERMITS

5. (1) Every application for a permit to construct, erect, place, alter, repair, renovate or reconstruct a building shall be in Form A, and shall be accompanied by two sets of the plans and specifications of the proposed building, except that when authorized by the local authority or its authorized representative plans and/or specifications need not be submitted.

 - Ø The permit fee shall be the full cost of those services provided by a person, firm or corporation employed under contract to the local authority in reference to clause (4).

- 
- (6) The local authority may estimate the value of construction for the work described in an application for building permit, for the purpose of evaluating a permit fee, based on established construction costs, owner's statement of costs or constructor's contract values, or similar methods selected by the local authority.
- (7) Approval in writing from the local authority or its authorized representative is required for any deviation, omission or revision to work for which a permit has been issued under this section.

- Ø A flat fixed fee of \$5.00 per permit plus
 - Ø A deposit to cover the cost of restoring the site after the building has been demolished or removed to such condition that it is, in the opinion of the local authority or its authorized representative, not dangerous to public safety with rates as follows:
 - \$1,000.00 for a one unit dwelling without a basement;
